The plan has been -- and I. advise should remain -- as follows:

1. Administrator calls Immelt mid-afternoon (around 3:30 or 4 pm, if possible, but not earlier if we can avoid it).
2. Calls to GE subordinates do not take place simultaneously -- those calls, instead, are made end of day -- as late as possible (5 or 6 pm) -- with a verbal briefing but no paper provided. Immelt will obviously brief his folks on his conversation with the Administrator.
3. Judith makes calls to key enviros tonight -- no earlier than 8:30 pm.
4. Public roll out begins tomorrow morning.

Seth

Again I want to hear from Seth. I am not worried about calling GE today. But I do not believe simultaneous calls to his subordinates makes sense. Please hold.

I am doing a conference call with 4 ngo's at 8:30 this evening. I am confident they will not leak the info. Ex. 5 Deliberative Process (DP)

With the GE announcement coming tomorrow, we need to nail down how we will notify the company and what other calls we will make.

Judith - I understand you may also be making some enviro calls this evening.

Administrator - does this work from your perspective? If so, Heidi can schedule the Immelt call.
